Prince Andrews Nimako
Frontend Web Developer

Location: Aylesbury (open to relocate) | [LinkedIn](#) | Email: princenims1994@gmail.com | Mobile: 07438606607 | [GitHub](#)

Professional Profile

Dedicated Frontend Web Developer with a strong foundation in JavaScript and React. Skilled in creating responsive and user-friendly interfaces. Self-starter with a proven track record of learning and adapting to new technologies. Bringing over 2 years of hands-on experience in web development and a passion for problem-solving.

Key Skills

- Programming: JavaScript, TypeScript, HTML, CSS
- Frameworks/Libraries: React, Redux, Tailwind CSS, Material UI, Node.js, Express
- Testing: Jest, React Testing Library, Mocha, Chai
- Methodologies: Agile project management, Test-Driven Development
- Tools: Git, GitHub, Docker, Kubernetes, Google Cloud, RESTful APIs
- Database: MongoDB, Mongoose, PostgreSQL

Education

MSc. Mechatronics | Thesis: Development of Mini Self-Driving Car
De Montfort University, Leicester
2018 – 2020

BSc. Mechanical Engineering | Thesis: Development of dual-axis solar tracking system using Arduino.
Kwame Nkrumah University of Science and Technology, Kumasi
2012 – 2016

Certifications

- Modern React with Redux | Udemy | *08/2023* |[Link](#)
- Trilogy Skills Bootcamp in Front-Web Development | Edx | *04/2023* |[Link](#)
- The Complete Web Development Bootcamp | Udemy | *02/2022* |[Link](#)

Work Experience

Frontend Web Developer Trainee
Trilogy Skills Bootcamp, Edx
11/2022 – 03/2023

- Completed a rigorous 16-week remote Frontend Web Development Bootcamp, mastering HTML, CSS, JavaScript, React, and TDD.
- Collaborated in distributed teams, utilizing Agile methodologies and Git for version control.
- Demonstrated adaptability and rapid learning by consistently delivering clean and maintainable code.

Relevant Projects

- **Gym App** | Built a fitness application using ReactJS and Material UI, integrating data from a third-party API. [Project Link](#)
- **GPT-3** | Developed a responsive web app using ReactJS and Tailwind CSS, translating Figma design into code. [Project Link](#)
- **Muvents App** | Collaborated on a web app to help users find music events, showcasing effective teamwork and communication skills. [Project Link](#)
- **Metric/Imperial Converter** | Created a web app for conversions using Node.js, Express, and AJAX**.** [Project Link](#)

Soft Skills and Interest

Passionate about Technology and Problem Solving:

- Enthusiastic about technology, coding, and solving complex challenges in the field.
- Actively engaged in personal projects, demonstrating my commitment to honing my skills.

Project-Driven Learning and Skill Mastery:
- Completed personal projects focusing on React to enhance state management, routing, and component creation.
- Regularly contribute to Frontend Mentor, translating intricate designs into polished code.

Continuous Learning and Skill Enhancement:
- Dedicated learner, actively pursuing targeted courses to stay updated with the latest industry trends.
- Enrolled in a comprehensive "Microservices with React and Node" course to deepen understanding of full-stack architecture.

Languages: Fluent in English
